

Generous hearts aid Philippine relief

More than \$30,000 was sent to the Philippines to assist victims of the flash flood that hit Mindanao. The cities of Iligan and Cagayan d'Oro were especially hit hard. Many of our ministries are in Iligan, including Mercy Community Hospital. We are especially grateful for the financial support given by the Institute Leadership Team, the South Central, West MidWest and CCASA Communities, McAuley Ministries in Pittsburgh and so many sisters, associates and friends of Mercy. This money is being used to provide immediate relief to flood victims and will be used to help them rebuild their homes. Thank you to all who reached out to the people of the Philippines in this time of need.
